What is Salba?

Written by Sandy

Salba®, THE Super Grain, is nature's most nutritious grain. It is the best whole food source of Omega 3's and fiber. Salba is high in protein, fiber and antioxidants. A great source of vitamins and minerals, it is also certified Non-GMO, Vegan, Kosher, and Gluten-Free.

One serving of Salba® is equal to:

- 8x more Omega-3's than salmon
- 25% more dietary fiber than flax
- 30% more antioxidants than blueberries
- 15x more magnesium than broccoli
- 7x more antioxidants than an orange
- 6x more calcium than milk
- 3x more iron than spinach
- 1.1x more fiber than all bran

For more information on Salba®, please go to <http://www.salbasmart.com/>
